

Sue Barnes, RN, CIC, FAPIC

205 DeAnza Blvd Suite 1111
San Mateo, CA 94402
Cell: 650-430-2511
sueabarnes@gmail.com

Profile

RN with 30+ years of clinical/nursing experience and 28/30 years in Infection Prevention and Control with emphasis on innovation, infectious diseases, epidemiology, performance improvement in patient outcomes, systems and processes. Expertise in performance improvement, early adoption of innovation, project management, conflict resolution, work group facilitation, written/verbal communication with significant organizational skills. Knowledge of labor management processes. Knowledge of outcomes data management and analysis. Experienced in communication with individuals, groups and presentation of information to all levels of leadership and management. Knowledge of federal, state and local regulations, accreditation, licensure requirements and industry standards. Expertise in the development and dissemination of best practices related to infection prevention and control. Certified in Infection control and prevention.

Experience

October 17, 2016 to present San Mateo, CA

Independent Infection Prevention and Control Consultant

- Project work with APIC, IDSA and AORN to continue supporting patient safety through innovation, prevention and control of healthcare associated infection.
- Providing consulting and advisory services for multiple infection prevention industry partners including: Applied Silver, Aerobiotix, Contec, Nozin, PhoneSoap, with the goal of supporting expansion and enhancement of infection prevention efforts through product innovation.
- Facilitator National Corporate IP Leader Network (IP Directors or Leaders of 100+ multi-hospital systems in the US), meeting every other month virtually and annually in person at APIC Conference. <http://sueabarnes.wix.com/corporate-ip>
- 2013 – 2017 Board of Directors for California APIC Coordinating Council; comprised of the Presidents of all California APIC Chapters <http://community.apic.org/cacc/home>
- 2012 - 2017 Board of Directors for SFBA APIC Chapter <http://community.apic.org/sanfranciscobayarea/home>
- Author HAI Prevention and Control Plus Measures Toolkit: <http://www.infectionprevention.website/>

2007 to October 17, 2016 Kaiser Permanente National Office Oakland, CA

Corporate Director Infection Prevention and Control Services Kaiser Permanente

- Facilitates the National IP Leadership Steering Group, with the goal of optimization of infection prevention and control efforts in each of 8 KP regions, via knowledge sharing and standardization of products and practices.
- Plans and coordinates an annual meeting of all Kaiser Permanente Infection Prevention and Control staff in person, including internal and external speakers, group work, work planning, knowledge sharing and networking.
- Editor of Monthly National KP Infection Prevention and Control Newsletter.
- Coordinates national monitoring and analysis of infection related outcome metrics in order to help inform national infection prevention and control work planning and performance improvement activities.
- Facilitates numerous national IP staff and leadership work groups focusing on infection prevention and control efforts including production of national IP training videos, facilitating inter-regional site visits to promote knowledge sharing, leading work to automate infection detection and other

required reports.

- Presentation of reports to a variety of leadership and management groups regarding program-wide clinical performance improvement projects targeting infection prevention and control in order to inform and optimize recognition and support of by executive leadership.
- Representation of IP services and provision of consultation to numerous groups dedicated to improving patient safety including: National Quality Committee, National Product Safety Committee, National Hand Hygiene Product Sourcing and Standards Team, National Surgical Core Group, Sterilization Sourcing and Standards Team., Scope Reprocessing Room Templates group, Inter Regional NFS/IP Templates Group, Regions Outside of California IP/EH Work Group.

2001 to 2007 Kaiser Permanente Regional Offices Oakland, CA

Northern California Regional Leader Infection Prevention and Control Services Kaiser Permanente

- Leads, Infection Prevention and Control (IC) staff in the Northern California region in setting priorities for strategically focused areas via analysis of healthcare associated infection data, sentinel events, unusual occurrence reports etc. Guides staff to in data analysis in order to improve productivity. Advises on clinical infection prevention and control.
- Presents to a variety of leadership and management groups regarding program-wide clinical performance improvement projects targeting infection prevention and control in order to minimize liability and maximize patient safety.
- Provides guidance to MDs, staff and leaders regarding new legislation, regulations and trends impacting IC programs nationwide.
- Facilitates standardization of practices and policies for infection prevention and control services in NCal (including Inpatient and Ambulatory Care IC Policy Manuals, IC Position Descriptions).
- Leads large scale improvement efforts designed to facilitate optimization of Patient Safety including: National Hand Hygiene Project, National Vascular Access Initiative, Endoscopy Reprocessing and Silver Coated Foley Initiatives, California IC Strategy Team, California IC Position Description Work Group, California IC Preceptor Work Group, California IC/Employee Health Work Group, National IC HAI (healthcare associated infection) Database Work Group, National IC/Periop Work Group, California AICE Software Work Group.
- Represents IC services and provides consultation to the following groups dedicated to improving Patient Safety: Regional Risk Management/Patient Safety Committee, Regional Product Council, Regional Infectious Disease Chiefs, National Product Safety Committee, National Reprocessing Oversight Committee, National Hand Hygiene Sourcing and Standards Team, National Sterilization Sourcing and Standards Team, Regional Flu Steering Committee, National IC Leadership Steering Committee, Regional Critical Care MD/Manager Group, National Surgical Core Group.
- Conducts ongoing quarterly data collection, analysis and report generation for National HAI Database Program and Regional Board Report Bloodstream Infection Indicator.

1989 – 2001 Kaiser Permanente Medical Center SSF, CA

Infection Control Manager Kaiser Permanente

Managed prevention, surveillance and control of healthcare acquired infections (HAI) within medical center/offices (and SNF outreach). Oversight of regulatory compliance related to Infection Control (IC). Developed/implemented IC policies/procedures. Provided physicians/staff with education and updates regarding policy changes. Co-Facilitated IC committee. Collected/ analyzed/ reported data on HAI. Investigated outbreaks; collaborated with public health department in reporting communicable diseases. Coordinated IC educational programs for staff. Participated on multi-divisional work group with to analyze national database statistics, identify/share best practices, and communicate findings to stakeholders. Facilitated or Co-facilitated 10 project task force groups. Additional:

- Participated on National KP Sourcing/Standards Team charged with identifying, evaluating and selecting standard handcare products.
- Participated in daily ICU Multidisciplinary Patient Care Rounds, providing IC consultation in collaboration with Infectious Disease MD.
- Collaborated with multidisciplinary, multi-divisional group selecting standard central venous

catheter and developing standard insertion, care, and utilization guidelines.

- Coordinated enrollment of SSF medical center into Center for Disease Control's National Nosocomial Surveillance System (NNIS) ensuring access to a national infection database against which to benchmark HAI data.
- Led 2 multidisciplinary taskforces to reduce rate of healthcare acquired vent-related pneumonia (decreased patient days by 83, saving \$84,000) and rate of central line related bloodstream infections (decreased patient days by 251, saving \$119,000).
- Developed IC educational tool, mock "Jeopardy" game, for New Employee Orientation which consistently achieved high level of participation.
- Co-authored Divisional KP IC Ambulatory Care Policy and Procedure Manual, Physician IC Educational Flip Chart, and Cidex Utilization Guidelines Flip Chart.

1987 – 1989 Oakland Hospital Oakland, CA

Nursing Manager, Medical Surgical Service

Supervised/managed 60 RN's, LVN's, CNA's, Ward Clerks (24-hour accountability). Responsible for scheduling, payroll, hiring/ termination, evaluations. Maintained working knowledge of union contracts. Chaired/ implemented QA Program for Medical/ Surgical Department. Acted as Medical Center's Nursing Supervisor and Director of Nursing as needed. Relieved/assisted nurses in ER, ICU, Med/Surg, Recovery Room. Founded, developed, chaired Nursing Quality Assurance committee enabling continuous focused monitoring of Nursing performance and identification of improvement opportunities. Educated Nursing Staff on Quality Assurance and developed unit level representation, increasing awareness/compliance with standards of care in focused monitoring. Revised Medical Surgical Policy/Procedure manual to reflect current Nursing standards of care.

1984 – 1987 Oakland Hospital Oakland, CA

Nursing Supervisor, Evening Shift

Acted as Medical Center's Administrator after hours. Responded to emergencies. Supervised ICU, Medical-Surgical, and Emergency Room Nursing staff. Acquired medications/equipment from pharmacy/central supply. Monitored admissions, patient placement, inter-hospital transfers. Maintained working knowledge of union contracts, MediCal/Medicare regulations, staffing for all nursing areas during subsequent shifts. Scheduled surgical cases/emergency surgical procedures. Refined method of written "shift-to-shift" reporting for supervisors. Revised facility Administrative Nursing Policy/Procedure manual. Developed/refined facility IC Program; acted as IC Coordinator.

1984 – 1989 Prior Positions San Antonio, TX; San Mateo, CA

Medical Surgical Staff Nurse

Staff Nurse responsible for directing patient care utilizing both primary/team nursing approaches in medical, surgical, oncology, renal, urology, orthopedics, and neurology units. Supervised technical assistants/LVNs. Assumed charge nurse assignments.

**Video, Audio,
Face to Face
Presentations**

2018 February 14 and November 9 2017 Presentation to Coastline APIC Chapter and San Francisco APIC Chapter "Air Contamination and SSI Risk in Implant Procedures" sponsored by Aerobiotix.

2017 October 19 Infection Control Today Webinar – Hand Hygiene the State of the State – 60 minutes

2017 October 5 ID Week San Diego Key Opinion Leader Dinner presentation "Soft Surface Contamination and HAI Risk" sponsored by Applied Silver

2017 August 27 C. diff Foundation "Spores and More" Radio Show – Role of Contaminated Handheld Mobile Devices in Infection Transmission. Sponsored by PhoneSoap.

2017 August 8 APIC Webinar Reducing HAI Risk Through Safe Injection Practices

2017 July 11 C diff Spores and More Radio Show "Fecal Microbiota Transplant Update" sponsored by Clorox.

2017 June 29 Webinar Challenges In Ultrasound (US) Probe Reprocessing Sponsored by Nanosonics.

2017 June 15 Double Tree Portland, OR: Key Opinion Leader Dinner presentation 60 minutes: Surgical Wound Closure Bundle sponsored by Ethicon.

2017 June 16 Double Tree Portland, OR: Key Opinion Leader Dinner presentation 20 minutes: IP as Early Adopter Failure, Learnings and Success Despite it All sponsored by Cepheid, Irrimax, Rapid Disinfectant

2017 June 17: APIC Conference Concurrent Session Presentation, #3406 "Unleashing the efficacy of prevention across an integrated delivery network"

2017 May 9, 11, 23, 25: AORN's Nurse Executive Leadership Seminar series for the spring 2017: May 9: Cincinnati; May 11: Philadelphia; May 23: Cleveland; May 25: Dallas

2017 April 19 Webinar Ultrasound Probe Infection Risk – A Call To Action Sponsored by Nanosonics

2017 April 11 C diff Spores and More Radio Show "Managing C. difficile from Hospital to Home: How the Right Practices and the Right Products Can Make Difference" sponsored by Clorox

November 3, 2016 Panel Presentation HQI Conference San Diego, CA "Reliable Design of IP Programs".

October 27, 2016 ID Week Key Opinion Leader Dinner presentation “Potential of Nasal Decolonization for HAI Prevention and Control” sponsored by Nozin.

November 2014 APIC Sierra Chapter Presentation SSI Prevention a 12 Step Program

January 2014 SF AORN Chapter SSI Prevention How Are We Doing

March 2014 National Nursing Leadership Council Kaiser Permanente – Surgical Site Infection Prevention

March 11 and 14, 2014 HRET/AHA Webinar – Home Administered FMT Enema

March 4, 2014 AORN Conference Presentation Jerry Peers Lectureship Simulation and SSI Prevention

February 13, 2014 HRET/AHA Webinar – SSI Prevention How are You Doing?
